FOR IMMEDIATE RELEASE

LolliBlend™ Seasonings: Signature Spice now available

CHINO, CA (Aug. 18, 2015) – LolliBlend™, Tea Zone®'s new brand, is proud to announce its latest product, LolliBlend™ Seasonings: Signature Spice.

This new seasoning is a zesty mix of spices inspired by traditional Asian flavors. LolliBlend™ seasoning adds a bit of a kick to meals, without making the food unbearable to eat. The spiciness is mild, but just peppery enough to give it a great flavor.

The spices can be used to create a marinade or a dry rub for meats. This seasoning can also be used to sprinkle over side dishes and vegetables for extra flavor. LolliBlend™ Signature Spice is the second product launched under the LolliBlend™ brand. The LolliBlend™ product line is set to feature more items soon, including more coffee and seasoning.

In addition to the release of this seasoning, a stainless steel shaker is also available. This can be used to evenly sift seasoning on top of food items.
